Project Design Phase-I

Solution Architecture

Team ID	**PNT2022TMID12069**
Project Name	Signs With Smart Connectivity For Better Road Safety
Maximum Marks	4 Marks

Solution Architecture:

A complicated process with numerous sub-processes, solution architecture connects business issues with technological solutions. Its objectives are to

- Find the best technological solution to address current company issues.
- Describe to the project's stakeholders the software's structure, traits, behaviour, and other features.
- Define the solution's requirements, development stages, and features.
- Specifications on how the solution is defined, maintained, and delivered should be provided.
